Village View

Background Info:

We only intend to provide a basic village view with a pleasing color scheme. The backdrop color is white. We intend to utilize functions such as void daySky(), void nightSky(), void field(), void river(), void sun(), void moon(), void cloud(), void drawTree(), void house(), void Boat(), void wheelbarrow(),void hanger(), void khor(), void rain(), and so on.

Sketch (Draft):

Here, we'll employ animations of the sun, boat, and cloud, as well as modes such as day, rain, and day mode.
